

Who's Who in New Hampshire Agriculture

New Hampshire
Department of Agriculture,
Markets & Food

Compiled by:
NH Department of Agriculture, Markets & Food
Division of Agricultural Development
PO Box 2042, 25 Capitol Street
Concord NH 03302-2042

Office of Commissioner

Stephen H. Taylor, Commissioner

271-3551 Email: staylor@agr.state.nh.us

Administers departmental affairs, develops policy and oversees a number of programs which protect farmers, consumers and the environment. The commissioner sits ex-officio on numerous boards, including the University System trustees, Milk Sanitation Board and the Current Use Advisory Board.

Division of Agricultural Development

Gail McWilliam Jellie, Director

271-3788 Email: gmcwilliam@agr.state.nh.us

Market Bulletin Email: marketbulletin@agr.state.nh.us

Works to bring consumers and producers together in the marketplace through promotional initiatives and marketing programs, including tradeshow opportunities and events, media and networking. Numerous publications, directories and market information are available in printed formats and on the internet. The division also works with various trade organizations throughout the state and country to encourage economic development activities that benefit New Hampshire agricultural businesses.

The division publishes the Weekly Market Bulletin for the farm community, operates the New Hampshire Building at the Eastern States Exposition, is the lead agency in the oversight of the NH Farm & Forest Exposition.

Division of Pesticide Control

Wendy Chapley, Director

271-3550 Email: pesticides@agr.state.nh.us

Works to ensure the safe and proper use of chemical pesticides by enforcing state pesticides laws affecting sale, storage and application of all registered pesticides, examining and licensing pesticide dealers and users, and registering all economic poisons sold and used within the state.

The division conducts regulatory programs in cooperation with federal agencies and carries out the policies established by the state Pesticide Control Board.

Bureau of Weights and Measures

Richard Cote, Supervisor

271-3709 Email: rcote@agr.state.nh.us

Enforces all of the state's laws affecting the measurement of commodities moving in commerce. The purpose is to ensure consumers receive an accurate amount of product. Among its functions are regulation of weighing devices ranging from scales measuring fractions of an ounce up to platform scales used to weigh up to 100,000 pounds, plus fuel delivery meters and pumps and containers used for measuring any type of liquid or solid commodity. The bureau also enforces the uniform date code system for processed food products and numerous other provisions of laws affecting pricing and sale of commercial goods.

Division of Animal Industry

Clifford W. McGinnis, DVM, State Veterinarian

271-2404 Email: cwmcginnis@agr.state.nh.us

Responsible for the control and eradication of all contagious and infectious diseases of domestic animals and poultry in the state. Through testing, vaccination and regulation of entry of animals and poultry into New Hampshire, the goal is protection of people, livestock and poultry from contamination. An added benefit of disease free animals is stable production costs which relate directly to the cost of associated food products.

The division is charged with the enforcement of the animal welfare and abuse laws and maintains a diagnostic laboratory used by veterinarians in the state to identify animal health problems. The division is administered by the state veterinarian, who also serves as deputy commissioner to the department.

Bureau of Markets

Richard Uncles, Supervisor

271-3685 Email: runcles@agr.state.nh.us

Responsible for the inspection of farm commodities and agricultural products produced and distributed within the state. Inspection and technical assistance is provided using established grade standards for apples, cider, eggs, potatoes, honey and maple products. The bureau also administers the Seal of Quality program, the Certified Organic program and the Native Lumber Graders Certification program.

In addition, the Bureau of Markets regulates the sale of feed, seed, fertilizer, lime and horticultural growing media products to ensure proper labeling and quality. The Bureau also coordinates the resolution of complaints dealing with the use and storage of manure and agricultural nutrients through implementation of Best Management Practices.

Division of Plant Industry

Thomas Durkis, State Entomologist

271-2561 Email: tdurkis@agr.state.nh.us

Administered by the state entomologist, the division performs routine inspections of nursery and florist establishments, agricultural crops and apiaries aimed at reducing economic loss to producers and safeguarding the food supply.

The division monitors populations of potentially serious insect and plant disease pests, oversees state and federal biological control programs including the establishment of insect and plant disease quarantines, while coordinating with other state and federal agencies toward minimizing pest damage.

State Agricultural Advisory Board

The board advises the commissioner and department with regard to issues pertaining to agricultural related issues.

USDA Natural Resources Conservation Service & County Conservation District Offices

The Districts assist towns, landowners, farmers, developers and others to properly plan the wise use of land and water resources; the Districts also sponsor programs to bring problems of conservation to the attention of the public. Soils information, including Soil Potential Index (SPI) ratings, soils overlays and "Minimum Impact Wetlands Permits" process

assistance, are also available through these offices. USDA Natural Resources Conservation Service provides technical assistance through the conservation districts on erosion control, water quality, stream bank protection, wetlands restoration, flood control and soil and resource inventories.

General Agriculture Associations & Agencies

Ag in the Classroom

Mattie Huckins, President Lisa Nevins, Education Director

295 Sheep Davis Road, Concord NH 03301

224-1934 Fax: 228-8432 Email: LISAN@NHFARMBUREAU.ORG

Ag in the Classroom is a non-profit resource organization providing curriculum materials on a variety of agricultural topics for grades K-6 as a way to improve student agricultural literacy. NHAITC sponsors theme oriented workshops throughout the year for teachers and educators. Participants receive staff or college credits depending on the workshop. All materials are available on loan to educators and farmers. A resource guide is available.
